Young Energy Researchers Conference

24 February 2026
WELS, AUSTRIA

Energy Efficiency & Biomass

- presents the work and achievements of young researchers in the fields of energy efficiency and biomass
- is held in the context of the World Sustainable Energy Days 2026 (WSED)
- offers the opportunity to network with researchers and industry experts from all over the world and to build up a peer network!
- organiser covers accommodation and conference costs for selected researchers!

Call for Papers

Submit your contribution by **10 October 2025!**

More information: www.young-researchers.eu

Don't miss out!

- The Young Energy Researchers Conference is part of the World Sustainable Energy Days. With more than 650 participants from over 60 countries each year, the WSED are a leading conference on the energy transition and climate neutrality.
- Linked to the main topics of the WSED 2026, the Young Energy Researchers Conference has 2 tracks, one for energy efficiency and one for biomass.
- The 2 best contributions are honoured with the awards "Best Young Energy Efficiency Researcher" and "Best Young Biomass Researcher". The researchers receive 1,000 Euro each as prize money.

Submit your contribution!

- Young researchers and professionals (born after 1990) are invited to submit contributions at: www.wsed.at/call
- Deadline for submissions: 10 October 2025
- Submissions (in English only) are welcome from all scientific fields (e.g. technology, engineering, economics, social sciences, architecture, law, arts).
- A high-level scientific committee selects papers for oral and poster presentations.
- The costs of accommodation, meals, participation and local transport (4 conference days) for up to 60 selected participants are covered by the organiser.

We look forward to your contribution!
